

Race	Identifiers of each person
Year	The year that the data was recorded
Geography	What city and state is being measured
Population	The population of that group of people during that year

URL: <https://datausa.io/profile/geo/temecula-ca>

This data is interesting to me because I am from Temecula and seeing, on a more visual scale, the people that live there is just another perspective of what the city is like.
